### **TRANSLATIONAL RESEARCH SUPPORT**

1. NIH (subaward) Tiffany (PI, CUCE-NYC Subaward) 6/12-6/22  
*Community Engagement in Research Core Component of the Weill Cornell Medicine Clinical and Translational Science Center (CTSC)*  
This award links CTSC research projects and other community engagement efforts with the individuals, families, communities, and agencies engaged by CUCE-NYC. Efforts include development of community-based hubs for implementation of CTSC community engagement programs and promoting community-based research and effective recruitment and retention activities by the CTSC.  
Role: Core Director; PI of the CUCE-NYC subcontract; Prime award to Weill Cornell Medical College
2. NIFA NYC-323401 Tiffany (PI) 10/18-9/21  
*Employing Measures of Positive Youth Development in Real World Program Settings*  
This study utilizes measures developed and validated through NIFA NYC-323400 in data gathering protocols developed for youth nutrition education initiatives in NYC.  
Role: PI

3. Federal Capacity Funds (Smith Lever) Tiffany (PI) 10/18-9/21  
*La familia es importante – Translating research through parenting education*  
Educators offer in-depth parent education workshops for Spanish-speaking and African American families in the NYC metropolitan area drawing on research by Cornell faculty to promote child and family health, addressing issues encountered by parents raising children in the complex social, cultural and institutional environment of NYC. Workshops are co-sponsored by community agencies.
4. NIFA NYC-323400 Tiffany (PI) 10/15-9/18  
*Measuring Positive Youth Development Outcomes for Diverse Urban Youth*  
This study focuses on ensuring that measures of positive youth development (PYD) outcomes are psychometrically sound (reliable and valid) when used with highly diverse participants in NYC 4-H and afterschool programs. Tools measuring PYD outcomes – competence, confidence, connection, character, caring, and contribution – will be systematically tested and adapted for use by programs serving diverse urban youth. This research will improve measurement of the impact of programs serving diverse urban youth on PYD outcomes and will also assess associations between PYD outcomes and young people’s achievements related to health and other outcomes.  
Role: PI
5. Federal Capacity Funds (Smith Lever) Tiffany (PI) 10/15-9/18  
*La familia y los asuntos familiares son importantes (“family matters”)*  
This project offers in-depth, interactive parent education workshops for Spanish-speaking families in the NYC metropolitan area. It builds on over twenty years of success in engaging families in workshop series that offer support and education to parents as they raise children in the complex social, cultural and institutional environment of NYC. Workshops are co-sponsored by community agencies.
6. US DHHS Office of Minority Health Tiffany (PI, Cornell Subcontract) 9/14-8/17  
*Youth Empowerment Program-II*  
This project works with adolescent men in Brooklyn, NY to reduce negative interactions with law enforcement and to increase educational and employment opportunities. The evaluation subcontract supports collaborative work with an agency that has been involved in the Complementary Strengths Research Project CBPR partnership since 2005 to use measures developed in the research project for use in ongoing program evaluation efforts including generating data for federal performance measures and engaging youth and staff from the program in active utilization and interpretation of findings for program improvement.  
Role: PI of Cornell evaluation subcontract; Prime award to Lutheran Family Health Centers
7. NIFA Federal Capacity Funds Eckenrode (PI) 10/12-9/15  
*Synthesizing social and behavioral research to support extension and outreach programs*  
This project supports the development of a system within the Bronfenbrenner Center for Translational Research to obtain stakeholder input on priority topics for research syntheses and to produce a continuum of resource materials (literature review, comprehensive research synthesis, research brief, outreach materials) to make current social and behavioral research accessible and useful to outreach and extension programs.  
Role: Co-PI
8. US DHSS Office of Minority Health Tiffany (PI-Cornell Subcontract) 9/12-8/15  
*Project SAFE: Curbing HIV/AIDS transmission among high risk minority youth and adolescents (CHAT) by utilizing a peer-to-peer outreach model and new application technologies*  
This subcontract supports collaborative work with an agency that has been involved in the Complementary Strengths Research Project CBPR partnership since 2005. The goal of the project is to

translate measures developed in the research project for use in ongoing program evaluation efforts including generating data for federal performance measures and engaging youth and staff from the program in active utilization and interpretation of findings for program improvement.  
Role: PI of Cornell evaluation subcontract; Prime award to Lutheran Family Health Centers

9. NIFA NYC-321438 Federal Formula Funds Eckenrode (PI) 10/11-9/14

*Complementary Strengths III: Building a Setting-Based Intervention*

This project supports work by the Complementary Strengths Research Partnership to develop and pilot test a setting-level intervention aimed at enhancing organizational factors in community-based agencies that contribute to highly engaged youth program participation and longer term positive outcomes for youth involved in community-based programs.

Role: Co-PI

10. NIFA NYC-323439 Federal Formula Funds Tiffany (PI) 10/11-9/14

*Empowering Parents to Promote Adolescent Sexual Health*

This project supports the development of a comprehensive parenting skills development workshop series based on the highly regarded *Talking with kids about HIV/AIDS* curriculum and incorporating additional positive parenting skills as well as additional basic information on adolescent sexual health and development.

Role: PI

11. 7011- DOJ/NIJ-Teen PO-CORNELL-01 Tiffany (PI- Cornell Subcontract) 1/11-12/12

*An exploratory study of juvenile orders of protection as a remedy to dating violence*

The goal of the overall study is to increase understanding of juvenile orders of protection (OPs) by developing a comprehensive portrait of their use in New York.

Role : PI of Cornell subcontract to conduct focus groups; Prime award to Advocates for Human Potential

12. Smith-Lever Grant, Cornell University Powers (PI) 10/10-10/12

*Promoting Youth-Adult Partnerships for Program Evaluation*

The goal of this integrated research/outreach project was to develop and disseminate case studies of exemplar organizations implementing Youth Participatory Evaluation and youth-adult partnerships.

Role: Co-PI

13. US HSS Office of Minority Health Tiffany (PI-Cornell Subcontract) 9/09-8/12

*Project SAFE: Curbing HIV/AIDS transmission among high risk minority youth and adolescents (CHAT) by utilizing a peer-to-peer outreach model and new application technologies*

This subcontract supports collaborative work with an agency that has been involved in the Complementary Strengths Research Project CBPR partnership since 2005. The goal of the project is to translate measures developed in the research project for use in ongoing program evaluation efforts including generating data for federal performance measures and enhancing youth and staff from the program in active utilization and interpretation of findings for program improvement.

Role: PI of Cornell evaluation subcontract; Prime award to Lutheran Family Health Centers

14. Hatch Grant, Cornell University Eckenrode (PI) 10/09-9/11

*A qualitative study of constructs measured in a newly developed program participation scale for youth*

The goal of this project was to gather and analyze in-depth qualitative data regarding constructs measured in the Tiffany-Eckenrode Program Participation Scale developed under 5R21NR009764-02 and to identify applications for the scale as a tool for program assessment, planning, and improvement.

Role: Co-PI

15. 5R21NR009764-02 Tiffany (PI) 9/07-5/10  
*Connectedness, program participation and HIV risk reduction among marginalized youth*  
This exploratory study tested a new scale for measuring qualities and characteristics of program participation and examined whether specific characteristics of highly engaged program participation influence young people's social connectedness and their HIV risk reduction practices.  
Role: PI
16. Smith-Lever Grant, Cornell University Powers (PI) 10/05-9/08  
*Youth and Adult Leaders for Program Excellence*  
The goal of this project was to examine best practices and to evaluate and disseminate resource materials aimed at promoting youth engagement in program planning, implementation and evaluation.  
Role: Co-PI
17. Hatch Grant, Cornell University Allen (PI) 10/04-09/07  
*Intergenerational Communication, Healthy Families and Communities*  
The goal of this study was to replicate and extend the methods developed in Project Rural ROAD to communities in a county adjacent to the original study site.  
Role: Co-Investigator
18. UNICEF Pelletier (PI) 02/02-06/03  
*Participatory Action Research within "What Every Adolescent Has a Right to Know" (RTK) Initiative*  
Role: Project Director
19. Hatch Grant, Cornell University Allen (PI) 10/01-09/04  
*Rural ROAD HIV Prevention Research Project*  
Role: Project Director
20. Bronfenbrenner Life Course Center Innovative Research Grant Allen (PI) 10/98-09/01  
*Rural ROAD (Reach Out AIDS/HIV Discussion) HIV Prevention Research Project*  
Role: Project Director
21. R01MH053834 Krauss (PI) 1994-2001  
*Parent/Pre-Adolescent Training for HIV Prevention (PATH) Project*  
Role: Consultant/Curriculum Developer
